Alternative options for Gold and Platinum Menus .

Price on Request

Alternative Drop

With both the Gold and Platinum Menus, your guests would normally have the option to choose from two Entrees and two mains. However, for Alternative Drop they do not have the option. Instead, the MC will announce to the guests the two meals on the menu, then the staff will alternate each plate around the table. Your guests are encouraged to swap with the person next to them if they wish. This is common in Hotel Banquets for a long time and many of our clients are now choosing this as a way of saving some money. It loosens people up and can create a great atmosphere and point of discussion at each table.

Pre-Order

If you are super organised, you could let your guests know in advance the two entrees and two mains (and two desserts for Platinum) and have them pre-order before they attend your big day. This means the kitchen budgets and preps the exact number of plates per selection which helps reduce the cost to the couple as there will be no excess food wastage on the night.
